

AMENDMENTS TO THE CLAIMS**List Of Claims**

1. (Original) Fibers comprising a copolymer of poly(ethylene terephthalate) and poly(ethylene naphthalate), (PETN).
2. (Original) PETN fibers according to claim 1, wherein the fibers comprise in the range of 1 mole% to 30 mole % naphthalene dicarboxylate and the remainder of the dicarboxylate moieties as terephthalate.
3. (Original) PETN fibers according to claim 1, wherein the fibers have a denier per filament in the range of 1 – 30.
4. (Original) PETN fibers according to claim 1, wherein the fibers have a round, scalloped oval, hollow, trilobal hollow or four-hole cross section.
5. (Original) Clusters comprising PETN fibers according to claim 1.
6. (Original) Clusters comprising a blend of dry PETN fibers according to claim 1 and slickened PETN fibers according to claim 1.
7. (Original) A batt comprising PETN fibers according to claim 1 in either a cross-lapped or vertical folded configuration.
8. (Original) The batt according to claim 7, having an initial bulk (BL1) in the range of 4.2 to 5.1.
9. (Original) The batt according to claim 7, having a residual bulk (BL2) in the range of 0.47 to 0.50.
10. (Canceled)
